

New generic launch

November 20, 2013

SOURCESM Generics

Generic Tobi[®] launches

The new generic form of Tobi[®] (tobramycin) inhalation solution is now available from Teva and is being added to the Cardinal Health SOURCESM Generics offering. Cardinal Health is unaware of other suppliers at this time. Due to low volume, generic Tobi[®] will not be distributed to pharmacies as part of the First ScriptSM offering. The generic product is anticipated to be available for ordering from Cardinal Health on Wednesday, November 20, 2013. Tobi[®] is indicated for the management of cystic fibrosis patients with *P. aeruginosa*.
